28. The Michigan Film Office and State Treasurer must consider all of the following in deciding whether to enter into an agreement. Briefly explain how each of the criteria applies to your production:

28a. In the absence of the credit the qualified production will be produced in a location other than Michigan.

28b. The extent to which the qualified production may have the effect of promoting Michigan as a tourist destination.

28c. The extent to which the qualified production may have the effect of promoting economic development or job creation in Michigan.

28d. The record of the eligible production company in completing commitments to engage in qualified productions. Include all productions, by production name and state of location, the company has completed within the last two (2) years that substantially meet the standard of a "state certified qualified production" in the Michigan Business Tax Act at MCL 208.1455(12)(k).

29. The Production Company agrees that in claiming the credit under section 455 of the Michigan Business Tax Act, it will not use the same expenses to claim a credit under sections 457 and 459 of the Michigan Business Tax Act or Section 367 of the Income Tax Act of 1967.

☐ Agree

The Production Company shall provide the Michigan Film Office with the information and independent certification the Michigan Film Office and the Department of Treasury deem necessary to verify direct production expenditures, qualified personnel expenditures and eligibility for the credit. Check if the applicant so agrees to this requirement.

☐ Agree

Information and records submitted by a production company to the Michigan Film Office under the Michigan Film Production Incentive Credit as provided by the Michigan Business Tax Act shall be considered confidential and exempt from disclosure under the Freedom of Information Act, 1976 PA 442, MCL 15.231 to 15.246, to the extent that they describe the commercial and financial operations or intellectual property of the company, they have not been publicly disseminated at any time, and their disclosure might put the company at a competitive disadvantage. **A company submitting materials must specifically designate any information and records that the company deems confidential by stamping or marking each page of information with the legend "Confidential." Items other than printed documents must be marked "Confidential" in a conspicuous manner appropriate to the items in question. Any information or records submitted by a company that is not specifically designated by the submitting company as confidential shall be treated as public information and subject to release by the Michigan Film Office.**

30. Additional documentation to be supplied by Applicant. This application will not be considered by the Michigan Film Office until all materials are received:

- a. Recent financial statement of Applicant or, if Applicant is a newly-formed entity, recent financial statement of Applicant's parent or controlling entity.
- b. Detailed budget for entire production, including non-Michigan expenditures.
- c. Details regarding how the production will be financed, including binding financing commitment such as loan agreement or commitment letter.
- d. List of Applicant's officers or principals and list of officers or principals of Applicant's parent or controlling entity.
- e. Details regarding Applicant's (or, if Applicant is a newly-formed entity, Applicant's parent's or controlling entity's) background and its record of completing productions that substantially meet the standard of a "qualified production" under section 455(12)(k) of the Michigan Business Tax Act. The following information must be included:
  - i. General industry reputation.
  - ii. Number of completed productions.
  - iii. Number of incomplete productions and reasons for noncompletion.
  - iv. Creditworthiness and history with financial backers and lenders.
  - v. Delinquencies of Applicant, subsidiaries, parent, and affiliates.
  - vi. History of wage and hour violations.
  - vii. History of labor relations and union activity (i.e., strikes, lock-outs).
  - viii. History of paying vendors and compliance with agreements.

## Film Production Incentive Application Attachment Checklist

**Part A. In addition to the Film Production Incentive Application and Agreement, the following additional documents and information must be received from Applicant before the Application will be reviewed and processed:**

- ☐ **1. Applicant's most recent financial statement or, if Applicant is a newly-formed entity, the most recent financial statement of Applicant's parent or controlling entity.** *"Financial statement" means a compilation of financial data, usually including a balance sheet, income statement and statement of cash flow, or any comparable compilation that is intended to communicate an entity's financial position at a point in time and its results of operations for its most recent reporting period then ended.*
  
- ☐ **2. Provide details regarding how the production will be financed, and attach a binding financial commitment such as a loan agreement or commitment letter.** *The State of Michigan has an interest in insuring that productions which are approved for the Film Production Credit are viable productions for which firm financing is in place. Projects that are still in the planning stages should wait to apply for the Credit until all financing arrangements have been finalized. For this item, describe the resources that will be used to finance the stated budget for this production. For example: film is being fully financed by parent XYZ Studios; film is being financed through a loan from National Bank that is collateralized by a distribution contract; film is being financed through John Doe Investments, a private investment company. In all cases, proof of binding financial commitment must be attached. For a lending arrangement, provide either a commitment letter or a copy of the signed loan agreement. "Commitment letter" means a formal and binding offer by a lender making explicit the terms under which it agrees to lend money to a borrower over a certain period of time.*
  
- ☐ **3. If you have included any amount of loan interest or financing fees in your calculation of the Film Production Credit amount, please provide information demonstrating that the financing entity is a qualified Michigan lender.** *The interest associated with a production loan will be eligible for the Film Production Credit if the expense otherwise satisfies the requirements for a "direct production expenditure," including the requirement that the expenditure be "made in this state." "Made in this state" means that the financing must be obtained by a production company from a bank or other lender physically located in Michigan and that all loan services are performed in Michigan. In addition, the entity from which the financing is obtained must be a non-interested commercial lender; that is, a public, private or institutional entity with the requisite level of physical presence in Michigan that is not related to or affiliated with the production company or any above-the-line production crew or cast member, and whose principal business activity is lending money to individuals*

*and businesses. The production financing must be a bona fide loan, payable by the production company. A bona fide loan is generally evidenced by an enforceable promissory note with clear repayment obligations, bearing a market related rate of interest, and secured by collateral.*

- ☐ **4. Provide a list of Applicant's officers or principals and a list of officers or principals of Applicant's parent or controlling entity. This requirement applies whether Applicant and its parent or controlling entity are corporations, partnerships, or LLCs.** *"Officers" means those persons appointed by the board of directors of a company, such as the president, CEO, vice president, etc., to manage the day-to-day business of the company and to carry out the policies set down by the board. "Principals" means those persons with ultimate decision-making authority who have the responsibility of managing the company's affairs and, in general, are empowered to set the company's policy, objectives, and overall direction.*
- ☐ **5. List all of the entities that are under the common control of, are affiliated with, or control Applicant.** *For the purposes of this question, entities under the common control of Applicant are those entities in which Applicant owns or controls a 30% or greater interest. Affiliated entities are those entities related to Applicant in any degree through common ownership or common control of management or owners. Entities that control Applicant are those entities that own or control a 30% or greater interest in Applicant.*
- ☐ **6. Describe how the completed production will be marketed and distributed.** *Note any distribution contracts that have been entered into with respect to the production. If the production is a motion picture, has a wide theatrical release been secured, or is such a release likely? If not, will the release be direct-to-DVD? Will the film be entered in any regional, national or international film festivals? If the production is intended for broadcast on television (including a pilot, series, special or documentary), state when and on what network or channel the production will be aired.*
- ☐ **7. Please provide a separate list detailing all expected Michigan job hires for the production.** *Provide a comprehensive list of all positions Applicant expects to fill with Michigan-resident crew and labor. The list must include the industry-standard title or function of each position (e.g. key grip), the projected number of hires for each such position, the expected length of employment (stated in hours, weeks, or "man days") and the average hourly, daily or weekly salary or wage level for each position.*

- ☐ **8. In addition to submitting a detailed overall budget for the production, please also provide a separate Budget Report detailing how Applicant calculated the expected Film Production Credit amount, and clearly indicating which expenditures Applicant has calculated as eligible for the 42%, 40% and 30% credit amounts, as well as which expenditures are ineligible for the credit.** *A suggested template for the Budget Report is included in this informational packet. However, any report providing the same information and presented in a readily-understandable format is acceptable.*

**Part B. The Michigan Film Office and State Treasurer must consider all of the following factors in deciding whether to enter into an Agreement with a production company. Please explain how each of the following statutory criteria applies to your production.**

- ☐ **In the absence of the credit, would the qualified production be produced in a location other than Michigan?** *Note whether Applicant is a Michigan-based company and any steps taken by Applicant in other states to prepare for production of the project (e.g., location and siting efforts, retention of workforce, contacts with labor union locals and solicitation of vendor services). You may also want to discuss the relative tax benefits of producing the project in Michigan vs. other states, as well as the relative adequacy of Michigan's infrastructure and skilled workforce, and the availability of comparable settings and locations in other states.*
- ☐ **Discuss the extent to which the qualified production may have the effect of promoting Michigan as a tourist destination.** *Where in Michigan does the production intend to film? Will Michigan play a visible part in the story line of the production? Will Michigan locations and settings be identified or identifiable as Michigan-related? Also discuss any special efforts made by Applicant to tailor the project's story line to a Michigan setting, utilize widely-recognizable Michigan landmarks in filming (such as the Mackinaw Bridge), or otherwise depict Michigan in a tourist-friendly or engaging way. If the current script or story line does not utilize Michigan as a part of the story line or depict identifiable Michigan settings, will Applicant consider revising the script to so provide?*
- ☐ **Discuss the extent to which the qualified production may have the effect of promoting economic development or job creation in Michigan.** *In your answer, you may want to discuss such factors as the number, quality and pay levels of the skilled crew positions that will be filled by Michigan residents, the types of goods and services to be purchased in Michigan (including a list of equipment that will be purchased or rented in Michigan), the overall magnitude*

*of Applicant's planned spending in Michigan, and the extent to which the production may create additional structures or may spur the creation of additional infrastructure. Please also describe the efforts made by Applicant to utilize Michigan residents for skilled crew positions, rather than out-of-state residents.*

- ☐ **Discuss Applicant's track record or history in completing commitments to engage in qualified productions.** *Please identify all productions, by name and state of location, that Applicant has completed within the last two years that substantially meet the standard of a "state certified qualified production" under MCL 208.1455(12)(k). If Applicant is a newly-formed entity, please provide the names of Applicant's parent or controlling companies and identify by name and state of location the five most recent productions completed by such companies that substantially meet the standard of a "state certified qualified production" under MCL 208.1455(12)(k). Also, Applicant must provide the following information:*

- a. Identify all instances where Applicant (or, if a newly formed entity, Applicant's parent or controlling company) failed to complete a production and state the reasons for non-completion.*
- b. Identify all instances where Applicant (or, if a newly formed entity, Applicant's parent or controlling company) was sued or where legal or administrative action was taken against it because of any of the following:*
  - (i) Failure to pay any governmental entity for taxes or other debt obligations.*
  - (ii) Failure to pay or breach of any agreement with a vendor providing goods or services to a prior production.*
  - (iii) Failure to pay or breach of any agreement with a financial backer, investor or lender to a prior production.*
  - (iv) Violation of wage and hour laws of any state or other governmental entity.*

## **Michigan Film Production Incentive Qualified Direct Production Expenditures**

A qualified "direct production expenditure" must satisfy four criteria. It must be i) made in this state, ii) not a qualified personnel expenditure, iii) directly attributable to the production or distribution of a "qualified production," and iv) subject to taxation in this state. MCL 208.1455(12)(c).

All four criteria must be met for the expenditure to qualify for the film production credit. The phrase "made in this state" is not defined in the statute. The term "made in this state" requires that the expenditure have a substantive relationship to the State of Michigan to achieve the overarching purpose of the film industry tax credits: stimulation and growth of Michigan's economy. This means generally that Michigan's economy must directly benefit in some way from the expenditure, and particularly, that Michigan-based businesses are benefited rather than out-of-state businesses.

The phrase "made in this state" is generally interpreted to require that eligible expenditures meet the following standards:

- 1) Tangible personal property and services must be acquired by the production company from a source within Michigan.
- 2) Services must be wholly performed within Michigan.
- 3) A "source within Michigan" requires an established level of physical presence that includes both a non-temporary "bricks and mortar storefront", and at least one full time permanent employee. "Non-temporary" and "permanent" will generally be indicated by a presence of at least one year. The one year standard would be met with a prior presence as well as a planned future presence evidenced by a documented commitment such as entering into a one year lease for office space.
- 4) The requisite physical presence of a qualified vendor business, and the transaction at issue must have a nexus. Michigan physical presence unrelated to the transaction would not satisfy the criteria of "made in this state."
- 5) Simple pass through transactions will not qualify as "direct production expenditures" "made in this state." Generally, the existence of an added markup by the Michigan business that is consistent with industry norms will give evidence the transaction has economic substance in Michigan and is not merely a pass through transaction.

Listed below are examples of **INELIGIBLE** expenditures:

- **Per diems**
- **Living Allowances if paid as fixed or pre-determined amount**
- **Car Allowances if paid as fixed or pre-determined amount**
- **Meal Allowances if paid as fixed or pre-determined amount**
- **Expenditures made prior to approval of a film production credit agreement by the State**
- **Contingencies listed as a separate budget line item**
- **Michigan withholding tax listed as a separate budget line item**
- **Interest or financing fees on loans from related parties or from entities that do not qualify as Michigan lenders**
- **Commercial airfare not purchased through a Michigan agent or for travel that is not into, out of, or within Michigan**
- **Professional fees related to Post-Production Audit**

## Schedule of Eligible Direct Production Expenditures

This schedule lists a sample of various categories of expenditures that a production company might incur in connection with a qualified production; however, the list is not exhaustive nor all inclusive of expenditures that may qualify for the film production tax credit under section 455 of the Michigan Business Tax Act (MBTA), MCL 208.1455. Qualification of any particular expenditure is governed by subsections 455(12)(c) and (j) of the MBTA, MCL 208.1455(12)(c) and (j).

## **Michigan Film Production Incentive Income Tax Withholding Obligations**

The laws of the State of Michigan impose income tax withholding obligations on all employers for payments made to their employees (MCL 206.351) and on production companies for payments made to "loan-outs" (MCL 206.367). Michigan requires income tax withholding payments to be made under the account registration of the person legally required to withhold.

Some payroll service companies (PSC) take on the role of employer under certain circumstances pursuant to the Internal Revenue Code ("IRC"). To the extent a production company's contract with a PSC meets the IRC provisions establishing the PSC as the employer the PSC should file Michigan income tax withholding under their account registration. To the extent the PSC does not meet the requisite IRC provisions, Michigan income tax withholding must be recorded under the account registration of the employer, which would be the production company.

With respect to Michigan income tax withholding on payments to "loan-outs," statute specifically imposes the legal obligation on the production company. Unlike payments to employees there are no IRC provisions that modify that obligation in any way. As a result, Michigan income tax withholding on payments made to "loan-outs" must be recorded under the account registration of the production company.

If a production company engages a service company to make withholding returns and tax payments to the State of Michigan for payments made to employees of the production company or to "loan-outs," those payments may be transferred to the production company's account by completing form 4737 Michigan Income Tax Withholding Transfer Authorization and Report for Payments Made on Behalf of Employees and Loan-Out Companies.

Section 455 of the Michigan Business Tax Act ("MBT") contains the film production credit provisions, including a requirement that the eligible production company not be delinquent in a tax or other obligation owed to this state. MCL 208.1455(1)(e). Therefore, proper withholding taxes must be paid to avoid losing your production credit.

To ensure proper posting of payments, please write the correct tax identification number on the check and make the check payable to the State of Michigan.
